Factors to Consider

- **Impact factor or Quartile**
- **Prestige**
- **Indexing status**
- **Target audience**
- **Open access**
- **Publishing frequency**
- **Cost**
- **Publication type**

Before you
Start...

Timing

- Choose your target journal:
 - ✓ **After** you have decided you have enough result for a publication
 - ✓ **After** a decision has been made on how high to aim – high, medium or low impact
 - ✓ **Before** writing the title, abstract, introduction or discussion sections

Before you
Start...

Choosing a target journal

- **Journal selection must be based on an honest evaluation for your manuscript**
