Master of Philosophy Research Codes

Requirement to register courses for all students

Item 8(1) of Postgraduate Academic Guidelines states that:

a) A student must register his/her courses **every semester** within the specified dates determined by the University. Those who fail to register without acceptable reasons will be terminated.

b) Students who do not register for any courses must apply for the deferment of the study and the deferment is considered as a period of study (refer to Item 21: Deferment, Suspension and Termination).

Other important Notes:

- Students are compulsory to register the research course code for each semester except **after thesis submission.**

- Students are compulsory to passed Research Methodology Course before doing their First Assessment.

- All Master by Research programmes have at least one university compulsory course with course U###. Please refer to School's Registration Kit website for further details of the course.

Duration of Studies

LEVEL OF STUDY	MINIMUM SEMESTER	MAXIMUM SEMESTER
Postgraduate Certificate	1 (6 months)	2 (1 year)
Postgraduate Diploma	2 (1 year)	4 (2 years)
Master Degree	2 (1 year)	8 (4 years)
Doctoral Degree	6 (3 years)	16 (8 years)

Research Code

Research codes for Master of Philosophy programmes for respective semester are stated as follows:

YEAR	FULL TIME	
	CUMULATIVE SEMESTER	COURSE CODE
1	1	M### 1100
	2	M### 1200
2	3	M### 2100
	4	M### 2200
3	5	M### 3100
	6	M### 3200
4	7	M### 4100
	8	M### 4200

Definition of label in the course code

- The '#' item in the course code M### refers to programme code.

- For example, the programme code for Master of Philosophy in Chemical engineering is **MKKK**, then the course codes for this programme are MKKK 1100, MKKK 1200, MKKK 2100, MK2200, etc.

- For course code M### $\mathbf{12}$00

   $\mathbf{1}$ is the year and $\mathbf{2}$ is the semester of the academic session.

Definition of label in the course code
Programme codes are available at School Registration Kit website.
